Standard features

Integrated Wi-Fi with OHD Anywhere®

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.* OHD Anywhere® is compatible with most iOS and Android mobile devices.

Features include:

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere® app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers

DC motor technology

Our most powerful residential motor delivers 140V quietly.

CodeDodger® access security system

The latest in CodeDodger® technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Speed

Maximum opening speed of up to 9 inches per second. (+/-0.5 inches per second).

Quiet operation

Belt or chain drive provide smooth and quiet operation, perfect for room adjacent garages that demand minimal noise. Belt drive offers the ultimate in quiet.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

DoorDetect™ monitoring and diagnostic system

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam® system

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

6' power cord

For high ceiling applications.

Two-bulb light system with motion detection

Two 100 Watt bulb lighting system with integrated motion detector provides convenience and security. Optional Overhead Door® LED bulb recommended.

Compatible with both HomeLink® and Car2U® systems

Convenience options

Garage door opener LED bulb

Designed specifically for garage door openers. Reduces remote interference. Bright, long lasting LED technology. Vibration and shatter resistant.

39492R

2-button LED flashlight remote

This remote features a powerful LED flashlight and operates up to two Overhead Door® CodeDodger® equipped openers.

39647R

Digital wireless keypad

Lighted keypad features a flip up cover and lets you control up to three garage door openers.
